The image contains a map of Champaign-Urbana with data points indicating precipitation amounts. The data includes symbols for each location and notes for interpreting the data. The text on the map provides information on how to read the data, including symbols for missing data, amounts included in the next reported observation, and amounts from previous days. The website www.sws.uiuc.edu/atmos/boneyard/ is also provided for further information.

Key: M = missing
* = amount included in the next reported observation for this station
a = total includes amount(s) from previous day(s)
t = time of previous ob not at 07:00, so this amount may represent less than 24 hr total for this station
Number in brackets after amount is time of ob if not at 07:00

Snowfall
12/12/05
