BULLETINS I-XVI
STATE OF ILLINOIS.

DEPARTMENT OF REGISTRATION AND EDUCATION.

W. H. H. Miller, Director.

BOARD OF
NATURAL RESOURCES AND CONSERVATION
ADVISORS.

W. H. H. MILLER, Chairman.

WILLIAM A. NOYES, Chemistry, Secretary.
JOHN W. ALVORD, Engineering.
ROLLIN D. SALISBURY, Geology.

WILLIAM M. COULTER, Forestry.
WILLIAM TRELEASE, Biology.
KENDRIC C. BABCOCK, Representing the President of the University of Illinois.

MEMBERS OF WATER SURVEY DIVISION SUB-COMMITTEES.

W. H. H. MILLER.
KENDRIC C. BABCOCK.

WILLIAM A. NOYES.
JOHN W. ALVORD.
SUBJECT INDEX

A
Abstracts of reports. See reports.
Academy of Science. See Illinois.
Action of bleaching powder in water purification, 8:51.
Activated sludge, purification of sewage by aeration in presence of,
13:325.
value of, as a fertilizer, 13:336; 16:91.
method of sewage treatment, 14:75.
experimental study of the extractions of grease from dried, 15:108.
factors in purification of, by activated sludge process, 16:182.
Advisors, board of natural resources and conservation, 15:4; 16:5.
Air diffusion in activated sludge process of sewage treatment, 15:116.
Alpha. Water supply, 14:23.
proposed hospital, 16:21.
proposed additional sewers, 12:29.
nuisance complaint, 12:30.
Ammonia nitrogen, determination of, in water, 9:86.
16:267.
Analysis, methods of, 1:12; 2:25.
current methods of sanitary, 7:40.
Analyses. potable waters, 1:28.
drift waters, 1:56.
surface waters, 1:70.
report on samples of Sangamon River water, 3:26.
tables, of Illinois River and tributaries, 2:102.
Analyses of Illinois waters, 4:77.
sanitary, 5:114.
Analytical control of water softening, 8:88.
sewerage, 9:15; 11:30.
proposed sewage treatment, 12:32.
Arsenic content of sulfate of aluminum used in water purification, 13:205.
Ashland. Proposed water supply, 16:22.
sewage treatment plant, 13:33.
Associations and Commissions, 8:17.
national association to prevent pollution of rivers, 10:15, 20; 11:19, 469; 12:19, 249; 13:19; 369; 14:174; 15:121.
sewerage, 11:32.
alleged pollution of Indian Creek, 14:23.
Averyville. Proposed sewerage, 12:34.
Aviston. Copper sulfate treatment of reservoir, 11:34.

B
Bacillus colon in water, departures from standard methods for the determination of, 16:253.
Bacteria in deep wells, 13:214.
Bacterial purification of sewage, 14:146.
Barium salts, use of, in water treatment, 13:302.
proposed sewerage, 10:94.
Bellew. Field, aviation cantonment, 15:25.
alleged pollution of Kishwaukee River by gas-house wastes, 11:36; 13:34.
sewage treatment, 10:96; 12:37.
Bleaching powder in water purification, 8:51.
Bloomington Normal Sanitary District, 16:271.
pollution of Stony Creek and Calumet Lake, 13:37.
Board of Health. See Illinois State. Board of Natural Resources and Conservation Advisors, 15:4; 16:5.
Board of Trustees of University of Illinois, 1909-10, 7:5; 8:5, and beginning of each bulletin to No. 14.
Boiler compounds, treatment of water with, 8:59.
Boiler waters, 4:56.
relation of mineral content of, to scale formed, 11:156.
Camp Grant. Water supply, 15:33.
Camp Point. Proposed water supply, 11:41.
Campus. Water supply, 14:27.
sewage disposal nuisance, 9:17.
Carlinville. Water purification, 10:97; 12:44.
sewage, 12:45.
microscopic and sanitary survey of water supply, 13:34.
Carmi. Water supply, 11:44.
Carthage. Proposed water supply, 12:45.
Carthage. Water supply, 16:29.
sewage disposal, 10:99.
Chadwick. Water supply, 11:46.
Champaign. See Urbana.
Chemical laboratory, staff of, 1:2.
work of, 1:10; 2:22.
Chemical survey, 1:3; 9:8.
Cherry. Water supply, 13:43.
Chester. Water supply, 9:18; 11:47.
Chicago real estate board, a special report to, by three experts on water supply and sewage disposal, brief abstract 13:373; 14:178.
Chicago River. sewage disposal along north branch of, 11:323.
Chicago Sanitary Canal, opened, 2:64.
examination of water of, 1900, 1901, 2:57.
Chicago Sanitary District. See Sanitary.
Chicago sewage in Illinois River, 2:62.
effect of on Illinois River, 10:30.
Chillicothe. Water supply, 12:49.
Chloramine and crenothrix, 16:218.
sewage, 11:50; 13:44.
Classification of waters, 4:22.
sewage disposal, 11:51.
typhoid fever, 12:51.
Colon-aerogenes forms, some atypical, isolated from natural waters, 16:208.
some spore bearing, isolated from waters, 16:223.

proposed sewerage and sewage treatment, 13:46.

Comparison of the number of water bacteria growing on agar at 37° and on gelatin at 20° C, 12:242.

Composition and treatment of Lake Michigan water, 8:30.
Composition of insoluble gases formed by decomposition of organic matter, 9:47.

Compton. Water supply, 15:38.

Cook County Poor Farm, sewage disposal, 11:52.

Cooperation. State Water Survey and State Board of Health, 3:16; 5:3;
11:1; 8:16.

7:11; 8:16.

Courses, by staff of Water Survey, 16:10.

Creal Springs. AVater supply conditions, 11:52.

Crenothrix, chloramine and, 16:218.

Crescent City. Water supply, 13:47.

Creston. Water supply, 16:32.

proposed sewerage, 13:48.

proposed sewerage, 13:49.

microscopic survey of reservoir, 14:33.

Decomposition products of sewage disposal, 14:162.

sewage disposal, 13:57.

Deploration of Kishwaukee River, 13:57.

Departments. See Illinois.

Departures from standard methods for determination of bacillus colon in water, 16:253.

proposed sewerage, 13:59.

sanitary survey of, 10:66.

Determination of ammonia nitrogen in water, 9:86.

Determination of nitrates by reduction with aluminium, 7:14.

Determination, volumetric, of potassium in mineral waters, 10:22.

sewage and sewage disposal, 13:62.

D r i f t wells, composition of sediment found in water from, 9:107.

removal of iron from, water of a, 9:126.

Drinking water, examination of, on railway trains, 12:173.

quality of, obtained in Illinois on common carriers, 13:256.

sewage disposal, 12:56; 13:63.

Dwight. AVater supply, 12:57; 16:34; sewage and sewage treatment, 12:57.

East Dubuque. Water supply, 11:60; 16:34.

East Moline. AVater supply, 14:33.

pollution of Cahokia Creek, 13:63.
well water supply in industrial district, 15:42; 16:34.

sewage disposal, 12:59.

disposal of wastes from catsup factory, 9:20; 10:108.

Elburn. AVater supply, 15:43.

Electrical conductivity, of water, relation to soluble mineral matter, 11:146.

Elgin. Water supply, 9:20; 14:34.

factory water supplies, 14:35.

Elgin National Watch Company, water supply, 14:35; 15:43.

proposed sewage treatment, 9:163; 12:60.

State Hospital, water supply and typhoid fever, 10:109.

sewage, 11:64.

sewage pollution of Salt Creek, 12:61.

sewage, 10:110.

disposal of corn-canning wastes, 13:60.

Engineering, sanitary and agricultural, 11:438.

Engineers. See AVestern Society of; See Illinois Society of.

Eureka, investigation of disposal of corn-canning wastes at, 12:235.

proposed sewage, 16:67.

Examination of drinking water on railway trains, 12:173.

Experimental investigations, 8:18; 9:35.
Experimental study of the extraction of grease from dried activated sludge, 15:108.
Experiments on the preservation of mud samples, 16:206.
Experiments, removal of iron from water supply of University of Illinois, 9:121.
Experiments with Miles acid process of treatment of sewage disposal, 16:247.

Factors in the purification of sewage by the activated sludge process, 16:182.
Factors which influence the longevity of B. coli and B. typhosus in waters, 13:225.
sewage, 12:65.
Farm water supplies, 7:12, 78.
Farmington. Water supply, 10:111;
15:45; 16:36.
sewage, 10:111.
Forest Park. Water supply, 12:65;
sewage, 12:66; 13:68.
Pesticide value of activated sludge, 16:91.
Flanagan. Water supply, 15:45.
Flood relief work, 11:65; 431.
Flood report, work of Water Survey in Southern Illinois, April, 1913, 1:431.
relief work, 13:36.
15:46; 16:36.
sewage, 12:68.
Forsythe Park. Water supply, 10:112.
Fort Sheridan. Water supply, 9:23;
10:111; 13:68.
supplementary report on 9:159.
watershed, 9:147; 11:66.
microscopic and sanitary survey of the public water supply, 15:50.
Freeport. Water supply, 10:113; 13:68;
16:37.
sewage, 11:68.

Galena. Water supply, 11:69; 12:68;
16:37.
sewage disposal, 12:68.
Galesburg. Water supply, 9:23; 10:114;
pollution of Cedar Creek, 9:23;
sewage, 10:116.
Garbage plant at Stallings, 10:189.
Gas house waste, effect of, on biochemical oxidation of sewage, 14:169.

sewage treatment, 12:70.
Illinois State Training School for Girls, plans for sewage treatment, 12:70.
Genoa. Water supply, 11:70.
sewage disposal, 12:71; 13:72.
Geological Classification of waters of Illinois, 4:8.
Geology as related to water supply, 2:47.
proposed sewerage and sewage treatment, 12:72.
disposal of cannery wastes, 12:73.
typhoid fever, 10:118; 13:73.
Gillespie. Proposed water supply, 12:72.
sewage, 13:73.
Girard. Proposed water supply, 11:71;
13:73.
sewage disposal, 12:74.
Grand Ridge. Water supply, 11:72;
Granite City. Water supply, 11:72;
13:74; proposed improved sewerage, 13:75.
Grant Park. Water supply, 15:53;
16:40.
Great Lakes. Naval Training Station, 16:40.
pollution of public water supply by improper sewage disposal, 11:77; 13:76.
Greenup. Water supply, 10:119; 11:74;
13:76.
Greenview. Water supply, 11:75;
16:40.
sewage and sewage disposal, 11:75;
12:76; 13:77.
Gross Point. Water supply, 15:54.

Hamilton. Water supply, 10:120;
Hardesty of Illinois municipal water supplies, 16:77.
Harmon. Water supply, 10:121; 14:41;
16:42.
Harrisburg. Water supply, 9:24;
10:121; 11:76; 12:76.
26.
pollution of public water supply by improper sewage disposal, 11:77; 13:79.
microscopic and sanitary survey of water supply, 15:54.
sewage disposal, 10:122; 12:79.
investigation of nuisances, 10:123.
Havana. Water supply, 12:79.
pollution of Illinois River by Chicago Drainage Canal, 11:77.
Hebron. Water supply, 16:42.
Hennepin. Water supply, 15:55.
pollution of Illinois River, 11:77.
Herrin. Water supply, 10:125; 13:82.
proposed sewerage, 10:125.
Heyworth. Proposed water supply, 14:42.
proposed sewerage, 13:83.
sewage pollution of Middle Fork of Shoal Creek, 12:S3.
Historical statement, 4:1.
Homer. Pollution of private wells, 12:84; 13:86.
flooding of cellars by sanitary sewage, 14:42.
sewage disposal, 11:78; 14:42.
Hydrogen sulfide in well waters of Chicago and vicinity, 13:359.
Hypothetical combinations of ions.
9.82; 113.

I
Illinois River, effect of Chicago sewerage on, 10:30.
composition of sludge and bottom deposits of, 11:155.
examination of, between cities of Morris and Peoria, 14:44.
sanitary chemical examination of before and after opening Chicago Drainage Canal, 2:57.
pollution and self purification of, 2:62.
quantities of nitrogen in, 2: App. X.
condition of water at Averyville, 2:81; at Havana, 2:83; at Grafton, 2:89; at Quincy, 2:93.
Illinois State Board of Health, co-operation with, 3:16; 5:3; 7:11; 8:16.
Natural History Survey Division, 15:121.
Division, 15:121; 16:266.
Board of Health, 12:19; 13:20; 369; 14:175.
Department of Public Health, 15:122; 16:266.
Department of Education and Goal, 15:121; 16:265.
Department of Public Works and Buildings, 15:122; 16:266.

Illinois Water Supply Association, 8:17.
Incrustation experience at Quincy, Ill., 7:28.
extent and composition of, on some filter sands, 9:94.
in water mains at Mt. Vernon, Ill., 10:52.
Insoluble gases, the composition of, formed by the decomposition of organic matter, 9:47.
Investigation of manufacturing waste at Waukegan, Ill., 6:64.
Investigations on disposal of cannery factory wastes at Washington, Ill., 11:339.
Iron, removal, experiments in, from water supply of University of Illinois, 9:12C.
removal of, from a drift well, 9:126V

J
water supply of schools, 15:61.
sanitary inspection of Chautauqua ground, 12:87.
Illinois School for the Deaf, water supply, 13:86.
Jerseyville. Water supply, 12:85; 16:44.
contamination of wells by gas liquors, 15:63.
Jonesboro. Proposed water supply, 15:64.

K
State Hospital, water supply, 16:46.
Keithsburg. Water supply, 12:89.
Kempton. Water supply, 14:45; 16:46.
Kewanee. Water supply, 10:120; 16:46.
Kincaid. Water supply, 15:64.
sewage disposal, 12:90.

L
Laboratory, a water works, 8:136; 16:249.
Laboratory experiments in water treatment, 6:33.
Lactose fermenting organisms in water, significance of, 15:100.
sewage-treatment plant, 10:134.
LaHarpe. Water supply, 12:92.
sewage disposal, 9:25; 11:95.
Lake Michigan water, composition and treatment of, 8:30.
LaMoille. Water supply, 14:46; 16:47.
pollution of Embarrass River and Indian Creek by oil, 14:46.
Laws. See Water Survey.
Leaf River. Proposed water supply, 12:94.
Lectures. 3:28.
Lincoln. Sewerage, 12:96.
State School and Colony, water supply, 12:97; 13:92.
sewage disposal, 12:97.
sanitary condition of water supply, 14:50.
typhoid fever conditions, 11:90.
inspection of private well, 13:93.
Lombard. Water supply, 16:49.
Louisville. Water supply, 14:50.
Low Point. Water supply, 15:68.
M
Mac. County Almshouse, sewage disposal, 11:90.
Management, improved, of water works, 11:259.
Manganese, occurrence of, in water supply and in an incrustation in the water mains at Mt. Vernon, Ill., 10:57.
Manchester. Water supply, 15:68.
Mansfield. Proposed water supply, 12:100.
Manteno. Water supply, 12:100; 16:50.
Marissa. Proposed water supply, 12:103.
Maroa. Water supply, 10:143; 16:50.
typhoid fever, 12:103.
Martinsville. Proposed water supply, 16:51.
proposed sewerage, 12:105.
Mattoon. Water supply, 16:52.
pollution of public water supply by improper disposal of city wastes, 10:144; 12:105.
proposed sewerage, 11:92.
microscopic survey of reservoir at Paradise near Mattoon, 14:52.
Maywood. Water supply, 10:146.
Medicinal springs of Illinois, 4:62.
Mendota. Water supply, 11:93.
sewerage, 11:94.
Meredosia. Pollution of Illinois River, 11:94.
Milan. Water supply, 14:52; 16:52.
Miles acid process, treatment of sewage disposal, experiments with, 16:247.
sewerage, 11:95.
corn-canning wastes, 12:106.
Milledgeville. Water supply, 14:52.
of boiler waters, relation of scale formed, 11:156.
Minier. Water supply, 14:53.
sewerage, 11:96.
Mokena. Water supply, 13:100.
additional sewerage, 11:96.
sanitary survey of Mississippi River, 9:27.
Morton Grove. Water supply, 14:54; 16:54. 
Mount Carroll. Water supply, 11:100. 
Mount Olive. Water supply, 10:151. 
Municipal laboratories, possible functions of, 12:153. 
Municipal water supplies, 3:13. of Illinois, all of Bulletin 5; hardness of, 7:13, 98; additional data concerning, 7:110; map showing, 8:84. 
Natural ice, chemical and bacteriological examination of, 12:183. 
Natural History Survey. See Illinois. 
New Athens. Proposed water supply, 10:158; microscopic and sanitary survey of the water supply, 15:74. 
New sampler for collection of dissolved oxygen samples, 16:197. 
New Typhoid fever, 11:103; proposed water supply, 11:104. 
Niles Center. Water supply, 15:76. 
Nokomis. Water supply, 11:105; proposed sewerage and sewage treatment, 12:114. 
Normal. Water supply, 10:159; 14:55; 16:56. 
Normal waters of Illinois, 6:53. 
Opinions relative to principles governing stream pollution, 9:62. 
Oswego. Water supply, 15:79. 
Oxygen samples, dissolved, sampler for collecting, 16:197. 
Pearl City. Water supply, 14:60. 
State Hospital, water supply, 10:166.
Perchloric method of determining potassium, as applied to water analysis, 11:150.
Permutit, use of, in water softening, 15:81.
Permutit, use of, in water softening, 15:81.
Permutit, use of, in water softening, 15:81.
Permutit, use of, in water softening, 15:81.
Permutit, use of, in water softening, 15:81.
Permutit, use of, in water softening, 15:81.
Permutit, use of, in water softening, 15:81.
Permutit, use of, in water softening, 15:81.
Permutit, use of, in water softening, 15:81.
Sewage. Disposal, along north branch of Chicago River and tributaries, 11:323.
preliminary report on, for Geneseo, 11:374.
some European water purification and sewage disposal plants, 12:162.
decomposition products of, 14:162.
air diffusion in the activated sludge process of, 15:116.
miles acid process of treatment, 16:247.
the English incubation test for the putrescibility of, and of sewage effluents, 13:316.
purification of, by aeration in presence of activated sludge, 13:325.
bacteriological study of purification of, by aeration, 13:348.
activated sludge method of treatment of, 14:75.
bacterial purification of, 14:146.
effect of gas-house wastes on the biochemical, oxidation of, 14:169.
factors in purification of, by activated sludge process, 16:182.
treatment in small communities without sewage systems, 12:189.
Shawneetown. Water supply conditions, 15:87.
flood conditions on Ohio River, 11:148.
Shermerville. Water supply, 15:58.
Significance of chemistry in water purification, 15:295.
Significance of lactose-fermenting organisms in water, 15:100.
Silic acid, its influence and removal in water purification, 16:140.
some atypical colon-aerogenes forms isolated from natural waters, 16:208.
some European water purification and sewage disposal plants, 12:162.
stream pollution, 13:130.
South Beloit. Pollution of Turtle Creek, 9:136; 13:130.
outbreak of typhoid fever, 12:132,
proposed sewerage, 14:64.
sanitary condition of State Fair Grounds, 12:132.
Camp Lowden, Water supply, 15:89.
pollution of Illinois River, 11:126.
Staff. chemical laboratory, 1:2; 2:6.
Stallings. garbage plant at, 10:189.
Standing for fermentation tubes, 6:31.
Standard methods and departures from, for determination of Bacillus Colon in water, 16:253.
Standard Water supply, 15:89.
proposed sewerage and sewage disposal, 12:134.
Steward. Water supply, 15:90.
sewerage, 11:128.
typhoid fever, 11:130.
Stream pollution, opinions relative to principle governing, 9:62.
of Sangamon, 11:253.
Cedar Creek at Galesburg, 12:196.
of channel of Mississippi near Rock Island and Moline, 12:225.
of Vermilion at and below Streator, 13:234.
pollution of Vermilion River, 13:134.
microscopic survey of reservoir, 15:90.
proposed sewerage, 13:135.
Masonic Home, proposed improved water supply, 14:66.
Swimming pools at the University of Illinois, 16:258.
T.
Toulon. Water supply, 11:133 16:68.
sewage treatment plant, 12:140.
Troy. Proposed water supply, 14:68.
Turbitity, Lake Michigan water, 8:35.
relation to diarrheal diseases, 8:22.
Tuscola. Water supply, 12:141; 13:136;
16:69.
proposed sewerage, 12:142.
Typhoid fever, relation to water supplies, 8:23; 75.
epidemic at Rock Island, 9:133.
at Enfield, 10:156.
at Hillview, 10:187.
at Thawville, 10:194.
at Rockford, 11:354.
at Sparta, 12:229.
at Old Salem Chautauqua, 13:272.
U.
Union. Water supply, 16:69.
